JavaScript, React, Next.js, Angular, TypeScript, Redux, Node.js, Express, Koa, MongoDB, Mongoose, PostgreSQL, MySQL, Sequelize, Axios, Jest, Cypress, HTML, CSS, Socket.IO, TailwindCSS, Cloudinary, Ant Design, MUI components, Trello.

EXPERIENCE:

- **Full Stack Software Engineer | DocCare | 2023**
 - Developed a full stack application for private healthcare, leveraging TypeScript, Next.js, Redux and MySQL to build a robust and scalable application.
 - Collaborated with a team, utilising GitHub CLI for efficient branch management and version control.
 - Implemented comprehensive end-to-end testing using Cypress, ensuring robust functionality and a seamless user experience.
 - Managed project tasks and workflows using Trello, ensuring smooth coordination and efficient project management.
- **Full Stack Software Engineer | TinPet | 2023**
 - Played a pivotal role in a collaborative team, refactoring and modularising an online networking application, reducing code complexity by 40% and enhanced system performance by 35%.
 - Incorporated TypeScript, leading to a significant improvement in error detection and maintainability by up to 30%.
 - Leveraged PostgreSQL with Sequelize for advanced querying, data integrity, and seamless data modeling.
 - Implemented unit testing using Jest, ensuring code quality and reliability by up to 25%.
- **Full Stack Software Engineer | Wonderlist | 2023**
 - Built a full stack travel organising application that empowers users to effortlessly plan their trips.
 - Integrated Google Maps API for enhanced functionality and user experience.
- **Front End Software Engineer | Toda Cidadã | 2022 - 2023**
 - Manage and oversee the webpage for Toda Cidadã, an NGO dedicated to promoting debates about politics, economics, and constitutional rights.
 - Successfully increased the organisation's online reach by 20%, expanding its audience and driving greater engagement.
- **Front End Software Engineer | Custom Design Portfolio | 2022**
 - Created website that showcase client's work with creativity and professionalism, resulting in a 50% increase in job inquiries and opportunities.
 - Employed responsive web design principles and attention to detail, delivering seamless user experiences.
- **Lawyer | 2018 - 2021**
 - Strong background in law, equipped with collaboration, teamwork and communication skills.
 - Experienced in absorbing and interpreting complex information to reach well-crafted conclusions.
